Well here we are in April already and I hope that you all had a great Easter break which may have even included some fishing activity. I missed catching up with those who attended the last General Meeting as I was fishing in New Zealand with Peter Cairns and Joe Lauinger which is an experience that I would highly recommend for your bucket list. I would like to specifically thank Ken Moran and Les Pratt for running the General Meeting and holding the fort while Peter and I were away.

We continue to make improvements to our club facilities and you may have noticed the new blinds that have been installed in the clubrooms which look fantastic and greatly improve the view of the casting pool and surrounds. I would like to thank Colin and Jill McMillan for organising this work. The Committee have also now approved the installation of a fixed ceiling mount and speaker system for the digital projector with work to commence shortly. The Committee places significant focus on identifying initiatives that allow us to give back to our members, and our increasing membership base allows us to do this in a sustainable way. On this note I would like to welcome the following two new members:

Florent (Flo) Le Bec  
Christopher Ormerod

Please introduce yourselves to Flo and Chris when you see them at the club and make them feel welcome. This takes our total membership number to 156 which is fantastic and we continue to focus on engaging our new members both at the clubrooms and via trips and skill development activities. In line with this we have organised a new members night at Hurley's Fly Fishing to discuss equipment needs and this has been scheduled for Tuesday the 5th of May commencing at 7.30pm.

I know that quite a few members have been travelling around on various trips during March and I look forward to hearing about their adventures. The Big River trip was the major event for March and by all reports a great time was had by those who attended. In April we have a Noojee Streams trip and also our annual Marysville Golf and Fishing trip which always proves to be a great day. Further details for these trips can be found in the calendar of events section. A number of new day trips will also start to appear in the calendar for the next couple of months, and our trip organiser Tony Hyett is always looking for trip suggestions. If you have a trip idea you can even organise to lead one yourself, maybe to your favourite secret fishing spot!

In terms of casting competition activity I can confirm that we will once again be hosting the Australian Fly Casting Championships in June. This is always a great event to watch and you will see some great casting on display. Closer to the event we will be looking for some assistance with the working bee to prepare the pool and clubrooms, and also with running the BBQ for competitors on the day.

I look forward to catching up with you at our Members Night on April the 8th and don't forget that we have a presentation on First Aid which should be of interest to all.

## Steavenson River

Les Pratt

14 members travelled to Buxton to fish the rivers in the area on a fine day in February. After a briefing and partnering at the recreation reserve we headed off to the allocated beats, agreeing to catch up for lunch around 1 pm.

Beats along the Steavenson and Taggerty were fished with varying degrees of success in the morning with fish rising to dries early on and also taking nymphs.

By lunch around 20 fish had been landed with new member Paul Harris landing his first fish on a dry after only a few casts, followed later by several hits and refusals. Ray Boast excelled by taking 7 in the morning all on nymphs.

Lunch saw most members return to the recreation reserve at Buxton for a chat and sandwich. Malcolm seated himself at the end of the picnic table, unfortunately the seat was shorter than the table which saw Malcolm finish on the ground.

There was some changing of partners for the afternoon session however the fish in most cases were uncooperative. Erhan, Adam and Peter travelled to the Rubicon and Goulburn in search of the fish and landed a few to round out the day. Small nymphs seemed to be the most successful fly for the day. Ray and I tried the lower reaches of the Taggerty without success in difficult water with considerable log jams.

## Big River

Les Pratt

In the absence of our intrepid trip leader, Tony Hyett, who was otherwise occupied with a lady, members travelled to the Big river campsite at Frenchman's Creek.

First to arrive on the Friday were Ray Boast, Jan Horak and I. After setting up camp we set off downstream toward Peppermint Ridge to fish back to camp. On the way we passed a campsite with 2 spin fisherman who had been fishing at Vennels but without much luck that day. Going was tough through dense bush. We fished about halfway back toward camp picking up a few fish on dries. Not much free wood around so we passed on a campfire that night and settled for drinks and dinner under a gas lantern. By now Tom Galloway had arrived with some pre dinner snacks. A bottle of red was produced to help with digestion followed by 4 L of port brought by Jan to assist with sleep. Unfortunately (or fortunately) due to the absence of our trip leader, most of the port remained in the bottle.

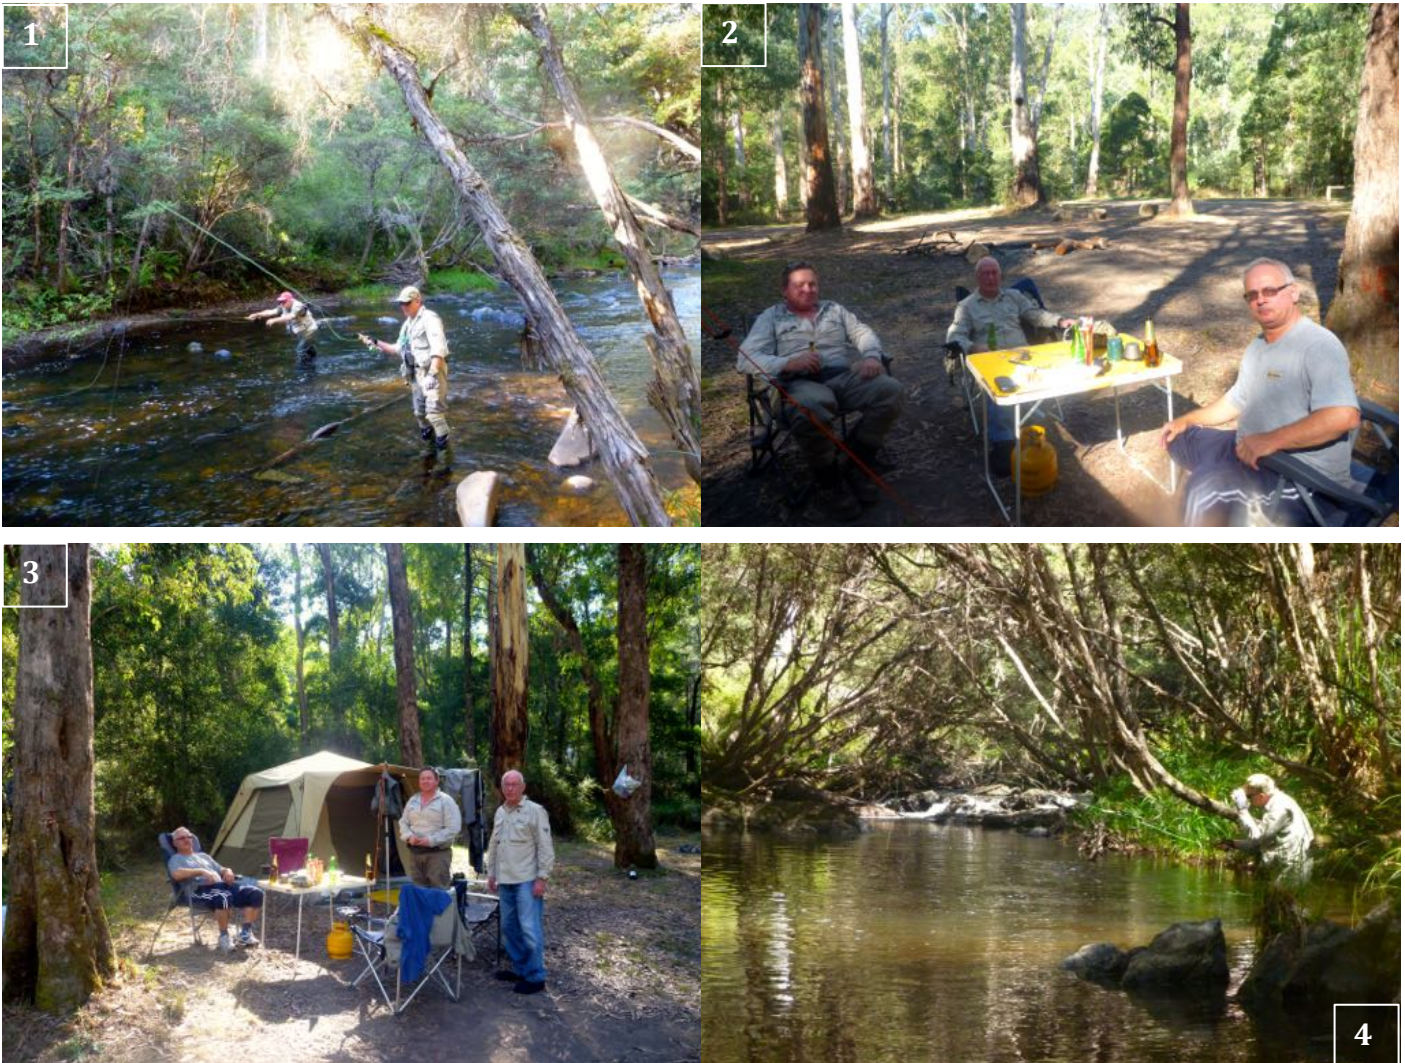

Saturday started well, a good breakfast and we broke into pairs, Ray and I returned to fish the balance of the section not fished the previous day while Jan and Tom ventured on to Vennels. However the fish were not cooperating and very few landed. Water temperature was 15C but neither dries, stimulators and emergers nor nymphs were coaxing the fish from their secret places.

On return to camp later that day we learned that the spin fishermen had landed around 20 fish with a variety of lures (and some HE no doubt), one to 2+lb.

That night the remainder of the group arrived, Erhan, Adam, James and Craig. A chain saw was produced and a felled tree was transformed into a campfire. Revelry around the campfire continued into the early hours of the next day although a few souls, worn out by the rigours of the day, turned in early and serenaded the revellers with sonorous songs of the night.

We broke camp on Sunday and agreed to different locations in pairs for the last day. It's all about location and fly selection. Erhan and Adam landed 40+ fish in a section of river not fished by others, mostly on royal humpys which Erhan had advised were catching on the Sunday, but the advice was not heeded by others. Ray landed some fish on Red tag though.

Big River is always a great fishing location with plenty of beats available. The camping and camaraderie with and without a campfire makes catching a fish a bonus.

- 1. Jan and Les in action....I hope Jan's red cap didn't scare the fish away?**
- 2. Tom, Les and Jan relaxing after a tough days fishing, no sign of the Port at this stage, perhaps it was too early?**
- 3. Jan, Tom and Les again relaxing in the camp...you aren't going to catch anything sitting around you know.**
- 4. Les trying to spot that elusive creature known as the Brown Trout...alas not to be this time.**

## SFF Club Caps & Badges

If you would like to purchase one of the new club Caps or badges, pictured, please speak to any committee member (identified by the orange name badges) at the next cub meeting.

They can be purchased for a meager \$10 each.

## SFF Fly Tying Activity

### Fly Tying with Max Kepert

Fly Tying sessions with Max Kepert will be having a break at the moment, notices will be put up when Max's sessions restart.

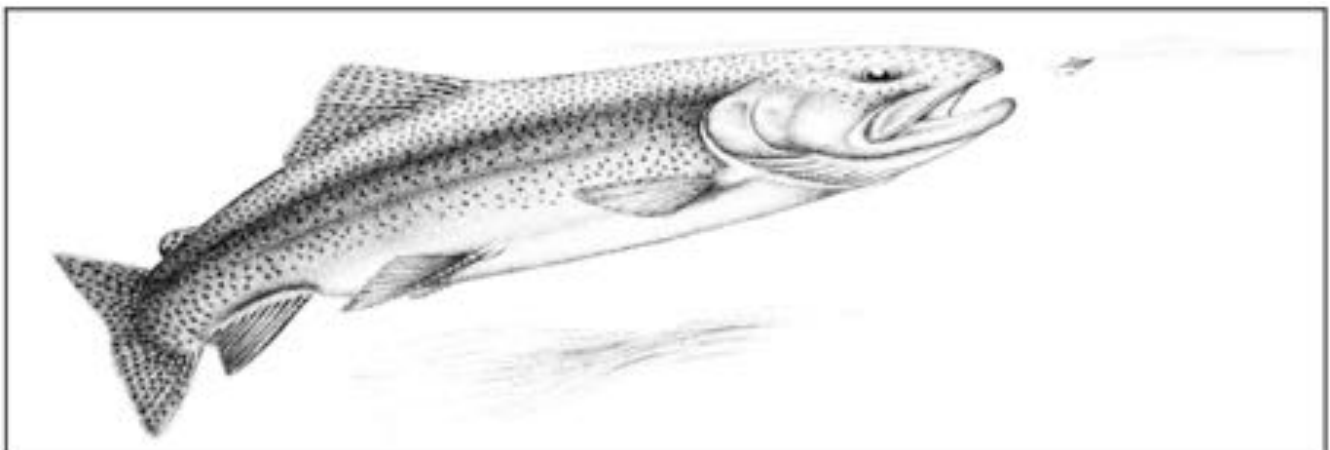

### Charles Bradley's Fly Box

At most Members Nights and General Meetings you will spot Charles Bradley with a couple of boxes containing a variety of flies. These are flies that have either been donated to Charles or produced during Max's sessions and they are for sale at a price of \$1.50 each. Charles often has quite a variety of individual flies for sale so make sure that you don't miss out when you see the box open.

## Club Dropbox

The club Dropbox is being utilised by members extremely well, so much so that we have had to upgrade our account to get additional storage space. Please continue to upload your pictures as it is proving extremely useful to both myself for the newsletter but also Phil Magness for the website.

If you did not receive the specific instructions for the use of the Dropbox account via email, then please let Steven Clements know via [editor@southernflyfishers.org.au](mailto:editor@southernflyfishers.org.au)

ATF:

ATF Delegates Report from 23 March 2015 Meeting.

Meeting opened at 7:30PM, closed 11:00PM

Attendance: 9 members & 2 visitors, 9 Apologies.

Main Issues Raised:

1. ATF President was invited to attend and table a presentation at the VRFish meeting held at Ballarat 14th March. Rod attended but his 30minute allotted time for his presentation was cut to 5 minutes.
2. At a recent Roundtable meeting (includes several fishing bodies State Govt. and non Govt.)  
Several Government promises were outlined these included:
  - I. Govt. plans to grow current 720,000 anglers to 1 million, as part of \$35m plan which includes \$20m commercial netters buy-out.
  - II. \$5m available in \$2k grants to grow clubs. Assist in membership re-cruitment.
  - III. Increase stocking from 3m to 5m annually. Native and trout but proportion not indicated.
  - IV. Establish State-wide catch survey and angler diary program
  - V. Tooloondo to get local advisory committee, but water not guaranteed.
  - VI. Pursuing reciprocal licence rights with NSW
  - VII. Barramundi into Hazelwood Pondage by end of 2015
  - VIII. Future possibility for Frankston Res to become a new fishery
3. Stocking. ATF willing to support clubs with stocking proposals to Fisheries. Two proposals being prepared by clubs, so far:
  - Goulburn River below Pondage
  - Upper Yarra River

If SFF members have waters they would like stocked or increased stocking please contact the committee for their consideration on preparing a proposal with ATF assistance. Guidelines for a proposal can be found in "VIC Fish Stock 2014" page 53

**ACF & CASTING:** Nil  
**COMBINED CLUBS:** Agreed to purchase Defibrillator unit, letter to KCC requesting carpark lighting  
**FLYFISHER:** Nil  
**LIBRARY:** Nil  
**WEB SITE:** Some updates relating to basic information for new members has been loaded.

## GENERAL BUSINESS:

Proposed new members night for late April to get info on typical gear and equipment at Hurley's.

Karkarook, SFF have lodged a membership application so we can have some input on managing this fishery.

Next Members Night will feature a talk on first aid applicable to our sport, in addition Stewart Dick will be over from Tassie and hopefully he will update us on the fishing scene.

Committee still working on the mentoring program but ask experienced members to assist at the casting pool or provide information on any technical issues as requested.

Committee requested to seek input from Peter te Hennepe regarding the algacide used to clean casting pool.

Ray Boast tabled a NSW report on the dangers of using portable butane canisters that may heat when used. A list of types / makes that have been banned in NSW has been published. These details will appear on our website.

## Fishing reports

Late mail from Scott D in NZ that he had just landed a 4 pounder but then lost it, a review showed that he had landed on a fish when he fell in.....again. Not sure what to believe.

Bill Jeans & Ian Sambell are fishing in Patagonia (surely a talk later) and while Ian is credited with a 10 lb. trout while Bill not to be outdone landed a 20 lb. monster.

Peter Suzic fished Murchison region and reported high water temperatures, low flows and no fish.

Jan Horak reported that the Blue Algae is back in Karkarook.

8 members spent a weekend on the Big River, Erhan Cinar and Adam Cox landed over 40 fish in varying size with most success on red Humpies size 18, they generously advised the rest of the group who “new better” and proceeded to catch very little. It was also reported that certain members are able to snore from both ends. No Names.

**Our new members are encouraged to come on our trips and experienced members will always help.**

**Members Draw is \$100** but would you believe, David Wood's number came out AGAIN. **To all new members, you must be in attendance to win.**

**Next meeting \$120**

Next meeting will be 22<sup>nd</sup> April 2015
