The cold weather has certainly arrived and this signals that we don't have long to go until the end of the season. For those of you who don't hibernate in coffee shops and the like, you still have time to get out on the rivers and take advantage of the extra fishing space by the more fair weather fisher folk. Our fishing activity focus over winter will turn more towards the lakes, which continue to provide opportunity.

I would like to take this opportunity to congratulate Erhan and Ebony Cinar on the arrival of their beautiful baby daughter Estelle Grace. We wish you all well and I am pleased to see that Erhan already has Estelle watching sport and fishing shows on TV!

In relation to club activity over the last month we had the Warburton trip cancelled due to heavy rainfall, which was a safety issue. The Moorabool Reservoir trip was also cancelled due to the inability to find a replacement trip leader, which was disappointing. Colin McMillan and I dropped in to Moorabool on our way back from Ballarat the other day, and the size of the trout that we saw scared us back into the car. Please remember that you don't have to be on the Committee to run a trip, and if you are interested in assisting with trip planning and coordination then please contact Tony Hyett.

The preparation continues for our 50th Anniversary Dinner and I encourage all members to buy their tickets for this wonderful event. One of the behind the scenes activities that has been occurring is the filming of interviews with some of our life members. There are certainly some stars amongst the group and I accompanied Colin McMillan on the journey to Ballarat to film the interview with our founding President, Mick Hall. We had a wonderful day out and Mick provided some great information on the founding years of Southern, which we will screen at the members night and dinner in June.

In terms of committee activity, we have been heavily focused on the 50th Anniversary celebrations and also succession planning. If you are interested in joining the committee for the 2017 / 2018 period then please consider nominating when the notification comes out. I hope that everyone has also had a chance to admire the new carpet in the clubrooms, which looks great, and thanks to Ray Boast, Les Pratt, Colin McMillan, Jill McMillan and Judy Cameron for organising both the government grant and installation.

With the colder months closing in it is also a great opportunity to borrow books or DVD's from the library. I know that Colin has been doing a great job keeping all our material up to date and the Library is such a great resource for all members. If Colin should appear at your door for a cup of tea, it is more than likely that you may have an overdue library item. He recently visited a rather well known Life Members home, and during coffee spotted an outstanding item on said Life Members coffee table. An active conversation ensued and the item was retrieved without fuss, however we think that this particular Life Members friends set him up. So the morale of the story – If you see Colin at your door it is probably a raid!

There is quite a bit of club activity in May with a Goulburn River trip and a beginner's skill development trip on the Steavenson River. The casting season has also kicked off, and casual fly tying continues. This weeks member's night will be a pie and movie night.

## *“Charles Bradley”* Flies for Sale

You may have noticed the new fly boxes on top of the fridge in the clubrooms? Fly boxes is a bit of an understatement, you will understand if you have seen them recently. These new display cabinets contain a vast array of flies that the club managed to secure at a preferential rate.

The usual donated flies will also be located in these display cabinets, so will still be able to get yourself a genuine Max Keper fly.

The flies are for sale at a price of \$1.50 each. Please see Steven Clements or Paul Harris for payment on the night.

## Regular Fly Tying Group

The regular fly tying group meets on the **third Thursday** of the month.

The intent is for those who are interested in meeting regularly to tie flies, learn from others, demonstrate a new pattern or simply talk fly tying. Note that the club will not be supplying any materials; it is the responsibility of people attending to bring along all they need, although the clubs vices will be available for use.

For further information please contact **Paul Harris** on **0412 774 123**.

It's more than ten years since I suggested to fisheries at a meeting in Traralgon that they put Barra into Hazelwood Pondage. I remember I got laughed at and told it was a stupid idea. It was with some satisfaction that on the second night it was opened I caught my first Barra on a fly.

Since then I have caught 7 on the fly and one in a howling gale on a popper and am hoping for a few more before they die. I won't lie it hasn't been easy and the learning curve started way down low.

10 things I have learnt since the Barra went in:

1/ Think outside the box. Fish aren't always where you think they should be and often they can be caught in most unlikely places.

2/ What you think is logical isn't always so and visa versa.

3/ Sharing knowledge is the best way to learn.

4/ There is no substitute for hard work.

5/ Work out the best times to fish and go then, you can waste a lot of time fishing to fish that aren't there. First and last light followed by night times is always best.

6/ Listen and watch the local gun fishermen they usually are the first to break the code.

7/ Most people give up quickly if something is difficult.

8/ Many can't be bothered trying something new, even when it's dished up on their doorstep.

9/ Even non fly fishers can be worth listening to at times.

10/ Bait seek cover in structure and the big fish follow the bait.

There have been some very hard nights and some fantastic highlights in the short history of Barra in the pond. Targeting and catching a new species is always fun. Watching my mate Steve play a 77cm monster for half an hour on 2kg line and netting it for him was a big highlight. Watching him catch another the next morning nearly as big right next to me wasn't so good. This morning I watched Steve at 6 am hook a Barra and pass the rod to his 5-year-old son. They lost the fish but 5 minutes later he hooked another and they landed it, that has to be a highlight. A triple hook-up and land of 3 fish with two strangers from Melbourne on night was excellent fun. With 2 weeks to go I'm hoping to get one over 80 cm but with these hard fighting acrobatic fish any fish is a good fish.

# International Fly Fishing Film Festival – 20 May, Carlton

The poster features a dark background with a large, stylized white and blue wave logo at the top. Below the logo, the text "international fly fishing film festival®" is written in a light blue, sans-serif font. A horizontal line separates this from the event details. The details include "TICKETS ON SALE NOW!" in white, followed by "Carlton VIC" in bold white, "Cinema Nova" in white, "May 20, 2017" in white, "Doors Open: 7:00PM" in white, and "Film Begins: 7:30PM" in white. A blue button with white text "GET YOUR TICKETS!" is positioned below the details. To the right of the details is a small square image of the festival logo. The main body of the poster is a large photograph of a fisherman in a blue jacket and brown pants, holding a large, spotted brown trout. The fisherman is wearing a cap and sunglasses. The background of the photo is dark and moody. At the bottom of the poster, there is a row of logos for sponsors and partners, including Patagonia, Fly Fusion, Surface, Tacko, Fly Fishing, Vantage Point, and Airflo. Below the logos, the text "GET YOUR TICKETS" is written in a bold, yellow, sans-serif font. At the very bottom, there are two circular icons for Facebook and Instagram.
